

## O'Neil Tents – Sharing Specific Tent Locations via Google Maps

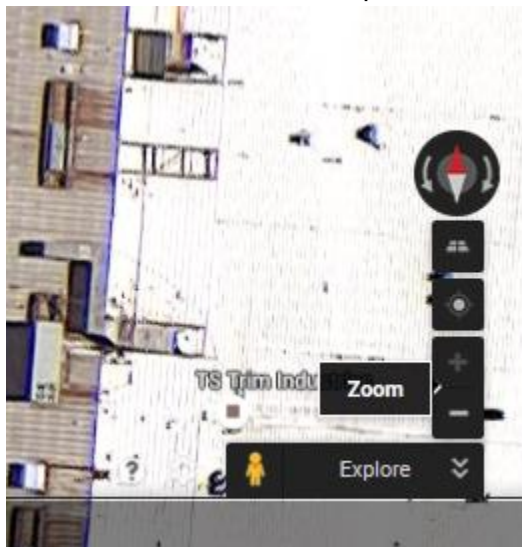

1. Go to Google Maps on your web browser of choice.
2. In the lower left hand corner, switch to “Earth” view

3. Enter your address into the search bar

4. Zoom in as far as the map will allow.

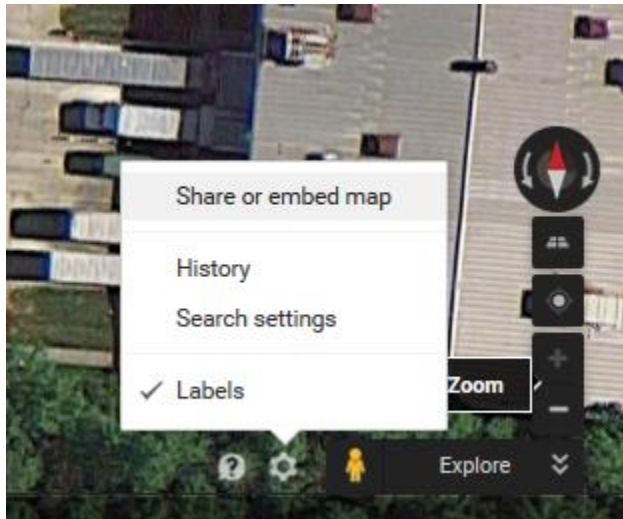

5. Right click on the area where you would specifically like the tent. Then click “Directions from here”

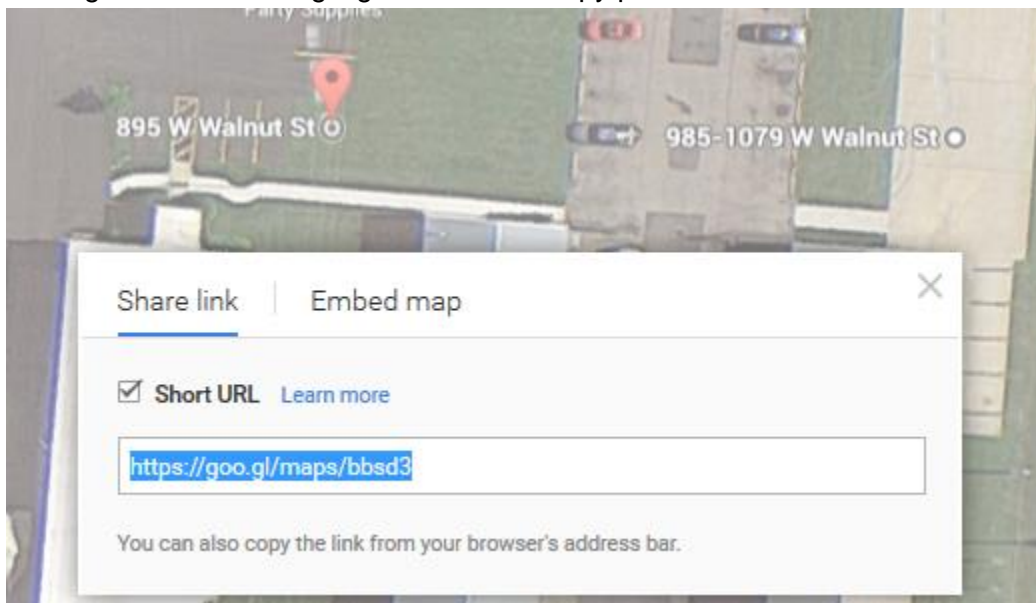

6. At this point, there is a marker exactly on the spot where you would like the tent.

7. After your tent location has been marked, click on the gear icon in the lower right hand corner of the map. Then click “Share or embed map”.

8. Check the box “Short URL”, you can now share this site specific map link with our sales staff. Just right click on the highlighted link and copy/paste into email.

\*Not at all areas can be serviced to due outdated maps and possible overhead coverage.
